User/Installer

It is important to understand that the existence of this document alone does not automatically certify the work. Where the user/installer performs work in accordance with the national regulations of an aircraft, it is essential that the user/installer ensures that his/her airworthiness authority accepts the work specified in Block 1.
 Statements in Blocks 13a and 14a do not constitute installation certification. In all cases, aircraft must be inspected and approved by the user/installer before the aircraft may be flown.
